

SUN GROVE CHURCH

Making A Masterpiece 2

(Romans 5:6-21, Matthew 22:37-40)

- The quality of friendships can greatly determine the quality of your life.
- When Jesus distills the Old Testament down to the two most important relational commands, He says love God and love people.

We were first and foremost created for relationship with God.

- We can't buy, earn, or be good enough to merit friendship with God.
- The word for "friend" in John 15 means a deep, close, personal, intimate relationship.

What kind of friend is Jesus?

- We have a forgiving friend
- We have a loyal friend
- We have an eternal friend.

Unless you and I press into this relationship with our Creator, we will continue to miss the mark with all of our other relationships.

- As each of us grows closer to Jesus, we inch closer to one another.
- Am I a fan or a follower?
